“BRCGS has a reputation for being a rigorous standard and this reputation would not be possible without our 5-star Certification Bodies. Our Certification Bodies are closely monitored through a comprehensive compliance program and every six months, we award star ratings for their performance. We'd like to recognize PJRFSI for their top rating as a 5-star CB. Congratulations on attaining five-star status and the tremendous work you've accomplished. PJRFSI uses science for a safer world”
